

SuperPEX

Potable Water Pipe

Our industry leading chlorine resistant SuperPEX multi-layer pipe makes installation simple and worry-free. The patented design offers the highest protection against UV rays prior to installation. Plumbers choose SuperPEX for new and renovation projects where its flexibility makes installation simple and hassle-free.

Multi-layer Pipe Benefits

Highest chlorine resistance

- ⦿ Ultra resistant to chlorine in most demanding conditions (hot water domestic continuous recirculation)
- ⦿ Provides long term protection against chlorine degradation
- ⦿ Highest chlorine resistance rating

Resists UV rays 6 times longer

- ⦿ Ultra resistant SuperPEX pipe offers two layers of defence against damaging UV rays
- ⦿ Rated 180 days compared to standard PEX pipe with 30 days maximum exposure
- ⦿ Highest UV resistance rating

Versatility

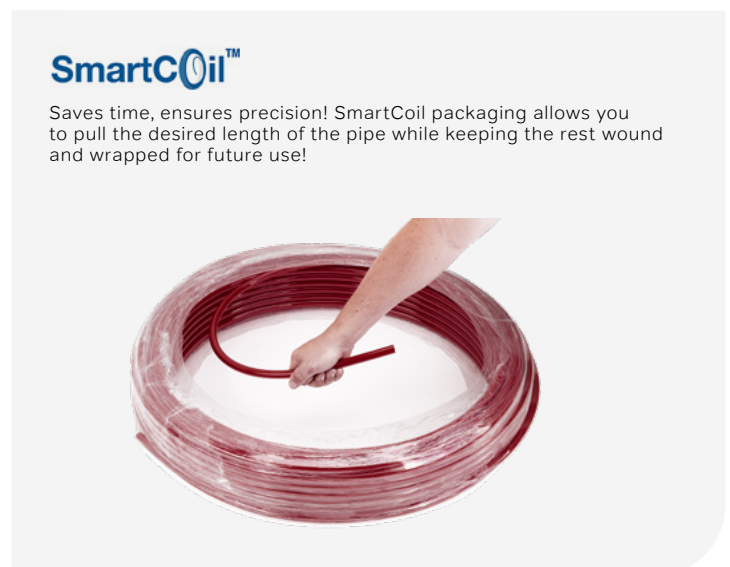

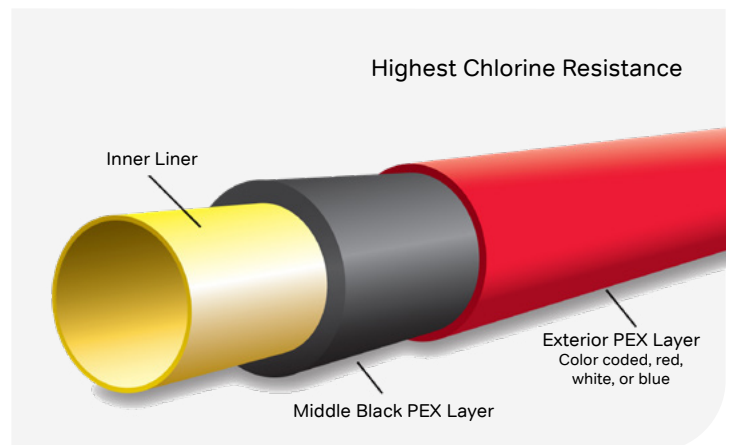

- ⦿ Use with crimp joining methods

Standards

CSA B137.5; ASTM F876; ASTM F877; AWWA C904

Compatible fittings:

ASTM F1807; ASTM F2159

25 Year Limited Warranty

Subject to the conditions and limitations in this Limited Warranty, Wavin guarantees its BOW SUPERPEX, OXYPEX, BOWPEX, OXYPERT pipe, as well as its Polyalloy insert fittings, against defects resulting from faulty manufacturing for 25 years from the initial date of sale by Wavin. Wavin will not be liable for damages caused by raw materials or component defect failures.

Defects and failures must be reported to Wavin within 30 days after such failure occurs. The claimant under this Limited Warranty will be required to return the product to Wavin at claimant's expense for analysis by Wavin. If the conditions of this Limited Warranty are met, Wavin will ship, free of charge and freight prepaid, a quantity of product equal to the failed product or will reimburse the purchase price of the failed product at Wavin's option. In no case, will claims for labor charges, consequential property damage or personal injury be honored.

This Warranty is the only Warranty made by Wavin and is expressly in lieu of all other warranties expressed by anyone or implied, including implied warranties of merchantability or fitness for a particular purpose.

The Limited Warranty will only apply:

1. If the product is installed in accordance with good plumbing and heating practices, applicable code requirements and BOW's current published installation instructions and,
2. If the product is not misused, abused, kinked, mishandled, damaged, improperly stored, or improperly exposed to UV or exposed to excessive heat, cold or pressure or incompatible media.

Wavin is part of Orbia, a community of companies working together to tackle some of the world's most complex challenges. We are bound by a common purpose:
To Advance Life Around the World.

Orbia's Building and Infrastructure business Wavin is an innovative solutions provider for the global building and infrastructure industry. Backed by more than 60 years of product development experience, Wavin is advancing life around the world by building healthy, sustainable environments for global citizens. Whether it's to improve the distribution of clean drinking water, to make sanitation accessible for everyone, to create climate resilient cities, or to design comfortable living spaces, Wavin collaborates with municipal leaders, engineers, contractors, and installers to help future-proof communities, buildings and homes. Wavin has 12,000+ employees around 65 production sites worldwide, serving over 80 countries through a global sales and distribution network.
